DETAILED ACTION

Allowable Subject Matter

Claims 1-8 and 11-13 are allowed in light of Applicant's arguments. The following is an examiner's statement of reasons for allowance: The present invention relates to a display device having a passivation structure. Regarding claim 1, the prior art of record neither shows nor suggest a display device comprising, in part, a passivation structure having organic/inorganic ratio gradually decreasing from the inner side which is closer to the display unit toward the outer side, along with the rest of the limitations of the claim. Due to their dependency, claims 2-8 and 11-13 are necessarily allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
